Completed Initiatives by Johanna Bright Mentors (JBM)

Career Guidance for 12th Students

Institution: St. Antony's Higher Secondary School,
Location: Thanjavur

This session provided clear insights to high school students about different undergraduate courses, career paths, and how to make informed decisions post-12th. Motivational tips and confidence-building techniques were also included.

St. Antony's HSS, TNJ

Advanced Trending Technologies & AI

Institution: Dhanalakshmi Srinivasan University,
Department: School of Engineering and Technology,
Location: Samayapuram, Trichy
Attendance: Over 200 students

This workshop introduced engineering students to modern technologies like AI, Machine Learning, and their practical applications in industry. The session also discussed how students can align their academic learning with future tech trends.

Career Guidance & Motivational Speech

Institution: Dhanalakshmi Srinivasan University
Department: School of Arts and Science,
Location: Samayapuram, Trichy

This session focused on helping students understand various career paths, how to identify their strengths, and the importance of staying motivated in competitive academic environments. Interactive activities and real-life examples were included to boost clarity and confidence.

Startup Ideas, Motivational Speech & Self-Building Sessions

Institution: Rover Engineering College,
Location: Perambalur
Attendance: 80 Students

Targeted at final-year students, this program encouraged entrepreneurship by guiding students through idea validation, business models, and personal development. The aim was to inspire students to become job creators rather than job seekers.

Online Career Guidance Program for College Freshers

Platform: Online (In collaboration with Dr. Ramesh's Consulting Firm)
Participants: 50+ Students/ Per Session

This structured course helps first-year students understand the benefits of their chosen course, how to set academic goals, and prepare for future careers. A referral system is in place, and students receive weekly mentorship from our experts.

Motivational Session in Hindi

Institution: VTM Pvt. Ltd.,
Location: Virdhunagar, Tamil Nadu
Participants: 120+ Employees

Over 120 employees attended this session, which focused on work-life balance, stress management, self-motivation, and team collaboration. Delivered in Hindi for better understanding, it was well-received and appreciated by both management and workers.

Entrepreneurship Session

Institution: Karunya Institute of Technology and Sciences
Location: Coimabtoore, Tamil Nadu
Participants: 50+ Students

Delivered an Entrepreneurship & Startup Mindset Session to 50+ university students at Karunya University, enabling participants to develop entrepreneurial thinking, decision-making skills, and startup readiness, resulting in increased engagement, clarity of goals, and motivation toward self-employment and innovation.

Business Impact Session

Institution: Karunya Institute of Technology and Sciences
Location: Coimabtoe, Tamil Nadu
Topic: Beyond Government Jobs: Entrepreneurial Pathways in Forensic Science
Participants: 50+ Students

This session empowered forensic science students to explore high-potential career paths beyond government jobs, including entrepreneurship and emerging forensic domains. It focused on practical skills, smart decision-making, and building a confident, future-ready mindset.

Business In Agriculture

Institution: Karunya Institute of Technology and Sciences
Location: Coimabtoe, Tamil Nadu
Topic: From Farm to Business
Participants: 50+ Students

This workshop introduced agriculture students to modern approaches such as agribusiness development, value addition in agricultural products, and the use of AI tools for market research and decision-making. The session also highlighted how students can align their agricultural knowledge with emerging trends in agritech, entrepreneurship, and sustainable farming practices to build future-ready careers.
